

REMARRIAGE AND DIVORCE (advance 3)

Remarriage after the death or the divorce of a spouse is a very serious problem for many. Doing so flies in the face of tradition and may strain existing relationships to the breaking point, especially if children are involved. But it may also be difficult to live alone or even to support oneself or one's family without help. That's why many divorcees choose to remarry. But the problem is that not all of them are happy. What are the good things and bad things about remarriage?

VOCABULARY:

Spouse-A marriage partner; a husband or wife

Strain-To stretch or force beyond the proper or legitimate limit

Exist-To continue to be

Let's talk:
