

SHE TOLD HIM HOW TO PLAY

Danny had never been to the casino before. He asked an attendant where to park when he arrived. He was locking his car when another attendant told him to park somewhere else. At the front door a bouncer was asking some teenagers to show proof of age. Inside, Danny went to a gaming table. He asked the woman next to him how to play. She told him how to place a bet, but also told him that he would have to buy some chips first.
