

What influenced you to choose this career?

A1: I know that this is where I am interested in. I know that I will excel in this field because this is something that I want to do. I know my skills are geared toward this direction and I know that I would be fully utilized if I will pursue this career.

A2: My mother is the greatest influence I have. She established a career in the same field and I've seen her so happy with it and that happiness and contentment that I saw in her made me decide that I wanted to do the same thing.
